STATE OF THE MARKET

Join us for our Annual State of the Market program to hear from some of the most active real estate brokers in the community about what happened in 2016, what they predict for 2017, and how they see the commercial real estate market in Fairfield County.

Our panelists will include Penny Wickey of Saugatuck Commercial Real Estate LLC who will cover retail, Ted Ferrarone of BLT who will address the booming residential market, Kathleen Fazio of Cushman & Wakefield who will speak about the medical market's expansion and Randy Salvatore, of RMS Construction will highlight the hospitality industry. Moderating this lively panel will be James Ritman of Newmark Grubb Knight Frank who will also cover office.

Watch your mail for more information, but register soon as this is always a 'sold-out' program.

BOMA Members: This program is not included if you prepaid for 2017 programs with your dues.
